

Facilities Project Consultant

Building a culture of leadership development is front of mind for SGI and we believe that leaders are developed through all levels of the organization. Leadership culture development will transform how we work with customers, partners and each other. We're aiming for a culture that focuses on new strengths, balanced with some of what's always been important to our success. The successful individual for this role will be a team player that buys into this mindset and embodies SGI's vision, missions and values.

We are looking for a permanent, full-time Facilities Project Consultant to join our team in Regina. The successful candidate will be responsible for management and administration of the day to day activities and resources related to coordinating and supporting Facilities Management (FM) projects to ensure completion on time and within budget. In this role, you will be the conduit between multiple internal/external stakeholders and management coordinating between the teams to achieve goals through the project life cycle; skilled in the execution and coordination of delivering projects with minimal supervision and direction. This role supports Facilities Management's strategic planning, related to projects, ensuring project activities are integrated with the corporate and divisional strategic plans.

Requirements

The successful applicant will have the following:

- A two-year diploma from an accredited post-secondary institution in a relevant field of study such as Architectural Technologies.
- A Project Management Professional designation
- Two years' directly related work experience as project coordinator in construction or facilities management.

Why SGI?
